**NOTICE OF PROPOSED AWARD (NOPA)**

Technology Transfer for EPIC Research Projects
RFP-18-802

February 14, 2019

On September 18, 2018, the California Energy Commission released a competitive Request for Proposals (RFP) titled “Technology Transfer for EPIC Research Projects” (RFP-18-802). The RFP sought to select one contractor to provide technology transfer services and expertise to ensure that the results of projects funded through the Electric Program Investment Charge (EPIC) Program are effectively disseminated and communicated to stakeholders.

Up to \$3.8 million in EPIC funding is available for the contract resulting from this RFP.

The Energy Commission received 6 proposals by the due date of November 16, 2018. Each proposal was screened, reviewed, evaluated, and scored using the criteria in the RFP. Five proposals passed the Stage One Application and Completeness Screening, and only one proposal passed the Stage Two Technical and Cost Evaluation.

This Notice of Proposed Award identifies the bidder recommended for funding by Energy Commission staff and includes the recommended funding amount and score. The total amount recommended is \$3,788,265.

Funding from this solicitation is contingent upon the approval of this proposed project at a publicly noticed Energy Commission business meeting and execution of a contract agreement. If the Commission is unable to timely execute a funding agreement with the bidder, the Commission, at its sole discretion, reserves the right to cancel or otherwise modify the pending award.

This notice is being mailed to all parties who submitted a proposal to this solicitation and is also posted on the Commission’s website at: www.energy.ca.gov/contracts/.

For information, please contact Doug Harvey at (916) 654-4747 or by email at douglas.harvey@energy.ca.gov.
